Top Best Selling Products

Customer Retention Decay Curve

Top 5 High-Potential Customers (Predictive CLV)

Customer 18102 is projected to spend over £218K in the next 12 months.

Actionable Business Insights

High Concentration Risk

Revenue is heavily skewed towards the UK and Australia. Prioritize expanding into European markets.

Top Product Synergy

World War 2 Gliders and Jumbo Bags dominate sales. Bundle these items with lower-performing products to boost overall volume.

VIP Discovery (CLV)

Customer 18102 and 14646 show massive future potential (>£170K each). Assign dedicated account managers immediately.

Cohort Drop-off

Significant retention decay observed after Month 2. Automated re-engagement emails required at the 60-day mark.
